Relevant Experiences

Front-End Developer • Hijra (ALAMI) Dec 2021 – Sept 2023

- Built responsive websites based on UI design from Figma.
- Built a content-rich architecture implementing a CMS and extended it with custom back-end API endpoints.
- Ensured website's speed and SEO performance.
- Collaborated with back-end and QA to ensure a robust integration on other projects.
- Technology used: TypeScript, NextJS, Strapi CMS, Tailwind, and other modules.

Junior Front-End Developer • MyEduSolve June 2020 – Dec 2021

- Built two responsive company main websites based on UI design from Figma.
- Improved and maintained website's performance.
- Managed and supervised end-to-end documented manual QA.
- Technology used: NextJS, Bootstrap & SASS, Redux, and other modules.
